URGENT PRODUCT RECALL

September 4, 2025

Dear Valued McKesson Customer:

DermaRite has notified McKesson Medical-Surgical Inc. (MMS) of an Urgent Product Recall regarding all lots of various products. This notice has been issued due to certain individual lots of products having microbial contamination that exceeds the acceptable limits set by the FDA. The FDA has advised that the presence of elevated microbial levels may pose a risk of localized skin irritation or infection due to elevated bacterial levels. Out of an abundance of caution, DermaRite is now expanding the recall to include all lots of the affected products and additional products. Affected product first shipped August 1, 2023.

This Urgent Product Recall is being done with the knowledge of the U.S. Food and Drug Administration.

For questions regarding this notification, please contact Sedgwick at **(888) 943-5190**.

A review of our records indicates that your company may have purchased items included in this notification. Carefully review the information in this letter and follow the instructions provided below.

URGENT: Voluntary RECALL

UPDATED Recall Notification

August 27, 2025

Dear Customer,

This is to inform you of a voluntary product recall involving:

See Appendix List A

See enclosed product labels for ease in identifying the product at the retail and user level.

This voluntary recall has been initiated due to certain individual lots of products having microbial contamination that exceeds the acceptable limits set by the FDA. The FDA has advised that the presence of elevated microbial levels may pose a risk of localized skin irritation or infection due to elevated bacterial levels. Out of an abundance of caution we are now expanding the recall to include all lots of the affected products and additional products.

The attached Appendix A has the Product Description, Lot number and the expiration date of the impacted product. Impacted product was distributed from August 1, 2023 to August 21, 2025.

Immediately examine your inventory and destroy all affected products in accordance with your facility's procedures. If destruction is not immediately possible at your facility, then product should be quarantined until disposal. You may dispose of these lots in a standard trash receptacle; they should not be flushed or disposed of in septic systems or waterways.

In addition, if you may have further distributed this product, please identify your retail customers and notify them at once of this product recall. Your notification to your retail customers may be enhanced by including a copy of this recall notification letter.

Instruct your customers who have purchased any of the recalled product lots to stop using those lots immediately and dispose of the recalled product in accordance with local regulations and the instructions above.

This recall should be carried out to the retail and user level.

~~Please complete and return the enclosed response form as soon as possible.~~

If you have any questions, call Sedgwick at 888-943-5190 Monday through Friday, 8:00 am – 5:00 pm EST or email dermarite5186@sedgwick.com

This recall is being made with the knowledge of the U.S. Food and Drug Administration.
